## What's new at Tremolieres?

At Tremolieres, novelties have appeared this year.

Since the beginning of this school year, the new school office team has organized events to entertain students, such as music on the last day of classes.

Contests, like the Christmas sweater contest or drawing competition have been added for more fun before Christmas holidays.

We can see new posters in the schoolyard, as new challenges are organized. Some people find breaks more animated since the covid restrictions are over.

One big event on the schoolyard was the opening of the "City park", which is always busy!

The opening of the "common room", that is "le foyer" is also much loved by the students, especially when it is cold outside!

There are also new clubs to join in at lunchbreak, like a dance club, a game club, a reading club, a newspaper club (that is ours!!!!)! All these activities keep us busy and entertained!

Another great novelty is the new drama workshop, "atelier arts croisés", which allows students to discover different types of arts.

There are also many English and American celebrations such as Thanksgiving (the fourth day of November), St Patrick's Day (March 17) when the school is decorated and we can taste typical food at the Tremo resto!

According to testimonies, middle school students enjoy these novelties.

In my opinion, I think what's new at Tremolieres is very fun and entertaining!

Last year, former 9th grade students asked the school office if they could have a prom night, and the answer was Yes! So let's hope we can have a prom night this year to celebrate the end of our stay at Tremolieres!

## Christmas Traditions in the USA: The Elf on the shelf :

The Elf on the shelf is a fairy tale that explains how Santa Claus knows who was wise or not among the children with the little elf. The elf becomes "the eyes and the ears" of Santa Claus a few weeks before Christmas eve.

The tradition wants that the elf comes in the family at Thanksgiving and leaves on Christmas eve.

## International days

Monday 5th december : International day of volunteering.

Volunteering is donating free time and giving your energy to help others.

At the time of Thanksgiving, many people in the USA volunteer to serve food to homeless people or to give time to associations.

Do you think we could celebrate « Volunteering day » in Tremolières to show how generous we are ?

## BOOK REVIEW

Hello everyone,

Today, we're going to present you 1 book, « Les âmes brûlées », written by Andrew Davidson.

Andrew Davidson presents a book, with spiritual ideas and a beautiful romantic story about a man who had an accident and a woman, thought to be schizophrenic, who has been living for 700 years.

At the beginning of the story, a man who was drunk has an accident. He is taken to the hospital. After several weeks a woman comes to visit him. They talk during many months. The woman tells him that she has met him in the past and she has a mission : to give him the last heart she has in her possession.

She is going to tell him all the time they spent together and their tragic end. This woman earns her living by carving gargoyles in the stone.

At the end the woman leaves him and he accepts his condition and is happy for the rest of his life.

I recommend this book for people who like romantic fantasy books.
